Our teachers bring an average of 23 years of teaching experience to their classes. All of our teachers have a full credential. Statewide about 94 percent of continuation high school teachers hold this credential.

COLLEGE PREPARATION

Two factors indicate how effectively we prepare students for college: whether students are taking the courses required for college admission, and where students ultimately enroll in the state's public college system.

MEASURES OF ACADEMIC PROGRESS

ACADEMIC PERFORMANCE INDEX (API): This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Please note that as of September 2008 our school had not been issued an API. The state expects schools to attain an API of 800 eventually. Many continuation high schools account for their results using the [Alternative School Accountability Model \(ASAM\)](#). If you see "N/A" in the tables below, ours may be an ASAM school.

ADEQUATE YEARLY PROGRESS (AYP): This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups* of students. We met five out of six criteria for yearly progress. Because we fell short in one area, we did not make AYP. Note that the number of criteria may vary from school to school.

CALIFORNIA API ACADEMIC PERFORMANCE INDEX		FEDERAL AYP ADEQUATE YEARLY PROGRESS	
Met schoolwide growth target	N/A	Met AYP	Yes
Met growth target for prior school year	N/A	Met schoolwide test participation rate	Yes
API score	N/A	Met schoolwide test score goals	Yes
Growth attained from prior year	N/A	Met subgroup* test participation rate	N/A
Met subgroup* growth targets	N/A	Met subgroup* test score goals	N/A
		Met API for AYP	Yes
		Met graduation rate	Yes
		Program Improvement school	Yes

SOURCE: API growth score, 2008 test cycle. API and AYP current as of September 2008. *—Numerically significant groups, such as English learners and ethnic groups, with separate API and AYP goals.

N/A—Data unavailable or unreported; statistically insignificant number of valid test scores; testing data under review; or school uses alternative accountability measures.
